

## Humanitarian Essentials Logistics Module (HELM) Event

**Date: 27<sup>th</sup> – 30<sup>th</sup> June 2017**  
**Location: Monrovia, Liberia**

**Logistics Learning Alliance** is a leading provider of humanitarian based training programmes. We currently have over **1,000 students**, studying in six continents and working under some of the most dangerous and challenging conditions in many of the world's most disaster hit and war-torn countries.

Following the huge success of our **Humanitarian Essentials Logistics Module (HELM) Events** in 2015 and 2016, we will be visiting Monrovia again in June 2017 to run our HELM 1 event, a four day event, specialising in key aspects of humanitarian logistics – **Supply Chain, Warehousing & Inventory, Transport & Fleet Management**. The HELM programme is designed as a course to help those new or aiming to move into the humanitarian sector, or who just need to freshen up their skills in delivering humanitarian aid. This event will be studied in English.

The course fee is **\$795.00USD** and this covers the entire duration of the course, including coaching. Discounts are applicable for future events. Refreshments and lunch provided. Discounts are eligible for group bookings of between 4 -14.

**Two payment options: Payment in full (USD795.00) If you are attending your 2<sup>nd</sup> HELM event the fee is (USD600.00) Please note that costs associated with travelling and accommodation must be met by the student. Deadline for making payment is Friday 2<sup>nd</sup> June 2017.**

### Course content

The workshop will cover areas including:

**Supply Chain** – including What is Supply Chain Management, The Role of the Humanitarian Supply Chain Manager, How the Supply Chain Works and Improving the Supply Chain.

**Warehousing & Inventory** – including The Function of the Warehouse, Layout of the Warehouse, Stock Control and Health and Safety in the Warehouse.

**Transport & Fleet Management** – including The Role of Transport in the Supply Chain, Modes of Transport, Third Parties involved with Transport and Handling Requirements for Goods Movement.
