

Assistant Professor of Information & Technology

Background

HARCO is a four year public institution of higher learning located in Harbel, Margibi County. It is accredited by the Commission on Higher Education, Republic of Liberia. The College offers bachelors in occupational safety & health, mechanical/renewable energy engineering, information technology, climate change studies, and Liberian Studies.

HARCO is student-centered, comprehensive, and innovative college, committed to teaching excellence that advances the life-long educational development of its students while strengthening the economic, social, and cultural life of its diverse community. The College promotes student success by providing high-quality, flexible, accessible educational programs and services; advancing pluralism, inclusion and global awareness; and acting as a catalyst and collaborator for a vibrant region.

Faculty candidates must have an appreciation for teaching and learning at a rural serving institution and must be capable of developing a sponsored research program in their field that integrates their research activities into teaching and learning. Applicants must also be willing to engage in STEM related activity with the College, local communities, and high schools.

We strive to create a vibrant campus community that supports a diverse student body, faculty, and staff. As an essential part of our mission and goals, pluralism is promoted in all aspects of college life. By enriching student life through leadership opportunities, personal learning and cultural experiences, we are committed to building a pluralistic and diverse campus community that fosters creativity, innovation, and student success.
