

HIGHLIGHTS OF THE PRESIDENT'S DAILY ACTIVITIES – Monday, November 9, 2015

- President Ellen Johnson Sirleaf continued with office work.
- She later met with the Liberia Water and Sewer Board of Directors and was briefed on problems facing the corporation especially pumping water to Paynesville, Sinkor and central Monrovia as most of their 36-inch water pipes are obsolete and leaking.
- President Sirleaf was also briefed by the Agriculture and Agro Processing Taskforce established by her during the last Cabinet Meeting in order to devise means to revive the country's economy.
