REQUEST FOR EXPRESSIONS OF INTEREST

COTE D'IVOIRE-LIBERIA-SIERRA LEONE-GUINEA, -RURAL ELECTRIFICATION (CLSG-RE) PROJECT

“CONSULTANCY SERVICES FOR CONTROL AND SUPERVISION OF CONSTRUCTION WORKS FOR RURAL ELECTRIFICATION OF 130 RURAL COMMUNITIES IN LIBERIA”

Financing Agreement Reference: **ADF Loan No:2100150030093**
ADF (TSF) Loan No.:5900155005651

Project ID No.: **P-Z1-F00-045**

Issue Date: June 29th, 2018
Closing Date: July 20th, 2018

The Government of Liberia has received financing from the African Development Bank towards the cost of the Rural Electrification Component of the Côte d'Ivoire, Liberia, Sierra Leone and Guinea (CLSG) Electricity Network Interconnection Project. The Government therefore intends to apply part of the proceeds of this financing for payments under the contract for **Consultancy Services for Control and Supervision of Construction Works for Rural Electrification**.

The objective of this assignment is to support the Project Implementation Unit (PIU) established under Liberia Electricity Corporation in supervision of construction works and Management of contractor for Supply, Installation, Testing and Commissioning of 33/34.5/0.4kV Distribution networks, Prepayment Meters, Service Connections and Street lights in One hundred and thirty (130) rural communities. The consultant is also expected to assist LEC to witness the Factory Acceptance Testing (FAT) of the major equipment and materials. All the services shall be in close collaboration with LEC's PIU. The objective of the supervision consultant is also to ensure (i) High quality construction works is achieved, (ii) All work associated with the project are carried out in full compliance with the design parameters and specifications, (iii) Social and Environmental requirements, safety and monitoring are carried out in accordance with the recommendations of the approved Feasibility Study and the Environment Impact Assessment and, (iv) Works are completed within the agreed timelines.

The Liberia Electricity Corporation (LEC) shall be the Implementing Agency and the Consultancy Services under this contract are (i) site supervision during Construction period (construction, installation, testing and commissioning); (ii) management of Contractor and review of Contractor Submittals; and (iii) consultancy services during Defect Liability Period. The project will be implemented over a period of 24 man-months effort over an eighteen (18) months period will be required to complete the assignment.

The Project Implementation Unit through the Liberia Electricity Corporation now invites eligible Consulting firms to indicate their interest in providing the above services. Interested firms should provide information demonstrating that they have requisite qualifications and relevant working experience to perform the required services. The shortlist evaluation criteria shall also include:

- a. With at least 10 years of demonstrable knowledge and experience in the engineering design construction supervision and contract management of Transmission, Distribution (T&D) projects, experience in shield wire technology will be an advantage.
- b. Must have in the last 5 years managed at least 2 similar T&D projects, one of which must have been in a South Saharan African Country, preferably in the West African Sub Region.

Eligibility criteria, establishment of the short-list and the selection procedure shall be in accordance with the African Development Bank's ***"Rules and Procedures for the use of Consultants"*** May 2008, revised July 2012, which is available on the Bank's website at <http://www.afdb.org>.

Interested consultants may obtain further information at the address below (Monday – Friday) during office hours: 0900 hrs to 1700 hrs.

Expressions of Interest must be delivered in hard copy or e-mail to the address below by July 20th, 2018 at 1600hrs local time and mention **"Consultancy Services for Control and Supervision of Construction Works for Rural Electrification of 130 rural communities in Liberia"**.
