

Seeking Multiple Technical Specialists Liberia Health Systems Strengthening

Chemonics seeks multiple technical specialists for the anticipated USAID Liberia Health Systems Strengthening project. The purpose of this project is to provide targeted support to strengthen the Liberian health system through improving leadership and governance, reinforcing health information systems for use of data for decision making, strengthening community level health services, and addressing challenges with water sanitation and hygiene. The program will enhance the capacity of the Liberian Ministry of Health to support the necessary health systems and policies required to provide high quality services across Liberia.

We are seeking technical specialists in the following areas:

- Public private partnerships
- Health leadership and governance
- Community mobilization
- Quality improvement
- Health Systems Strengthening
- Health information systems
- Public health financing
- Water infrastructure (WASH)
- Monitoring and evaluation
- Decentralization
- Capacity development

Preferred qualifications for technical specialists:

- Advanced degree in relevant discipline
- 7 or more years of progressively responsible work experience, experience with USAID projects highly preferred
- Proven record of successful delivery of technical assistance
- Proven managerial and supervisory skills
- Experience working collaboratively with the Liberian Ministry of Health, international donors, USAID, and local partners
- Fluency in English is required

Application Instructions:

Please apply through https://ghdrecruit.formstack.com/forms/liberia_health_systems_strengthening. Candidates will be reviewed on a rolling basis until the positions are filled. No telephone inquiries, please. Finalists will be contacted.

In addition, please download and complete Chemonics' [equal employment opportunity self-identification form](#) and submit it separately to EEOselfidentify@chemonics.com with only Liberia UHSS in the subject line. If you prefer not to disclose your sex, race, or ethnicity, you may check "I do not wish to complete the information requested." Thank you for completing the form and supporting our equal employment opportunity reporting requirements.

Chemonics is an equal opportunity/ Affirmative Action employer and does not discriminate in its selection and employment practices. All qualified applicants will received consideration for employment without regard to race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disability, or protected veteran status, genetic information, age, membership in an employee organization, or other non-merit factors.
