- President Ellen Johnson Sirleaf attended the graduation of Class Four of the President's Young Professional Program (PYPP) in the C. Cecil Dennis Auditorium of the Ministry of Foreign Affairs.

Class Four constituted 15 graduates assigned at the Ministries of Finance and Development Planning, and Gender, Children and Social Protection, National Investment Commission, National Housing Authority, and the Liberia Maritime Authority; five have been awarded scholarships and are pursuing graduate studies in the People's Republic of China and United States of America.

The graduating PYPs will be absorbed by the Civil Service Agency that is working closely with the respective ministries and agencies to finalize arrangements for their transition.

President Sirleaf noted that since the launch of the program in 2009, government continues to receive encouraging feedback from ministries, agencies and others who interact with these young people; stressing that the Program has become one of the outstanding career development and leadership training programs for public service, as it continues to make an impressive impact on the work across Government.
