

**Highlights of the President's Daily Activities**  
**Wednesday, January 7, 2015**

- President Ellen Johnson Sirleaf today received the Presidents of Benin and Niger on a one-day solidarity visit to Liberia. The meeting was held at the VIP lounge at the Roberts International Airport.

The two astute sub-regional leaders, His Excellency Thomas Yayi Boni of Benin and His Excellency Mahamadou Issoufou of Niger used the opportunity to sympathize with the Government and people of Liberia for the human and economic losses sustained by Liberia as a result of the Ebola virus disease and committed themselves to ensure the eradication of the disease.

They stressed that their presence in the country should show to the world that it is possible to come to and be with the people of Liberia and further called on the international community to cancel Liberia's debts.
