## **IMPORTANT GOVERNMENT NOTICE**

### **Topic: National Revenue Symposium**

The Liberia Revenue Authority (LRA) and the Ministry of Finance and Development Planning (MFDP), with support from the United Nations Development Program (UNDP) and the United States Agency for International Development (USAID), will host a one-day National Revenue Symposium on July 18, 2017.

The symposium will be held under the theme: "Domestic Revenue Mobilization" and findings from four regional dialogues on domestic resource mobilization held last year and early 2017 will be presented.

The pending symposium aims to:

- Raise awareness on the importance of Domestic Resource Mobilization;
- Engage with stakeholders on Domestic Resource Mobilization;
- Gather Taxpayer's feedback on revenue administration, among others.

The National Revenue Symposium is an opportunity to hear what the people are saying and to put forth suggestions for the domestic resource mobilization strategy for our beloved Mama Liberia.

The program will be aired live and persons wanting to make suggestions will be able to do so via telephone, WhatsApp, Facebook and Skype as we build Mama Liberia Together With Our Taxes.
