

Results Measurement Assistants (Junior Professional Programme) on GROW Liberia

We're seeking: Solution-oriented, Initiative-taking data experts looking for an exciting opportunity to kick start their career.

GROW is a Sida-funded private sector development programme implemented by Adam Smith International that uses the market systems approach to facilitate sustainable, pro-poor economic growth and stability across Liberia. We seek to bring about systemic change and generate long-lasting impact through providing technical assistance to support business growth and increase sector competitiveness.

We currently have an exciting opportunities **Junior Professionals** to join our market systems development programme and contribute to the Monitoring and Evaluation of GROW's portfolio of interventions. During a one year placement you will gain extensive experience of Monitoring and Evaluation and working with businesses in the Agriculture sector to help develop markets and impact smallholder farmers.

The Results Measurement Assistant (RMA) will work with Results Measurement Specialists to design monitoring and evaluation tools, lead field data collection, analyze and report on finding. The RMA will contribute to the management of GROW's results measurement and market information needs and to ensuring that the delivery of multiple interventions within the programme's portfolio are in line with regularly updated theories of change and intervention plans, that decision-making within the programme is based on results and impact analysis and that the programme is delivering value-for-money.

Requirements

- A minimum of a bachelor's degree in business, economics, agriculture or related field;
- Strong skills in data analysis and proficiency working with Microsoft Office (Word, Excel and Power Point)
- Thorough knowledge of the geographies, context, and culture of Liberia in rural, peri-urban, and urban locations and ability and willingness to travel extensively in Liberia.
- Experience working in agriculture and the private sector preferred.
- Strong understanding of businesses and challenges facing SMEs in Liberia.
- Creative, ability to think critically and eagerness to learn.
- Ability to work independently and within a team environment.

Please highlight areas in your CV corresponding to the requirements above.

Female candidates are especially encouraged to apply!

The **deadline for applications is June 17th 2017**, only short-listed applicants will be contacted. To apply, submit a CV to opportunities@growliberia.com and reference 'Results Measurement Assistant' in the subject line.
