

## **HIGHLIGHTS OF THE PRESIDENT'S DAILY ACTIVITIES – Wednesday, June 29, 2016**

- The attention of the Office of the Press Secretary to President Ellen Johnson Sirleaf has been drawn to the Monday June 27, Press Conference held by the Speaker of the House of Representatives, J. Alex Tyler, in which he made several grave allegations against the person and Office of the President of the Republic of Liberia. We were totally shocked that when our country was engulfed with the historic visit of the First Lady of the United States of America, Mrs. Michelle Robinson Obama, the sitting Speaker of the 53<sup>rd</sup> Legislature would make such baseless and unfounded comments.
