

AccessBank Liberia Limited, is seeking qualified individual as **IT Infrastructure implementation Expert**

ABL is a part of a growing chain of international banks. Its shareholders are multinational entities including AccessHolding AG of Germany- a joint stock holding company, International Finance Corporation (IFC) - the private sector arm of the World Bank Group; African Development Bank- a development bank which aims at promoting economic and social development in Africa; and European Investment Bank - the long-term lending bank of the European Union.

The Bank is a Commercial bank, offering in a transparent, professional and sustainable way appropriate financial services to the Liberian population.

The Finance Manager will be responsible for the function of the Accounting and the Financial Control Departments.

Job title: IT Infrastructure implementation Expert

Main tasks and responsibilities:

Carry ownership of infrastructure implementation activities based on infrastructure designs and plans. Coordinate on the ground work of external IT infrastructure provider, local IT team, software solution vendors and service providers. Working alongside the IT infrastructure project manager to ensure the appropriate implementation of project deliverables.

- Coordinate Infrastructure project delivery on-site
- Oversee all aspects of on-site infrastructure deployment activities and outcomes.
- Track and ensure infrastructure deployment activities are on-track in terms of time, scope and budget
- Manage escalations, coordinate resolution and removal of technical and organizational roadblocks
- Ensure infrastructure builds are secured and hardened on all OSI layers
- Deliver status reports to project stakeholders
- Ensure proper handovers from project to operations organization

Requirements:

- Experience in implementation of virtualized server infrastructures with centralized storage and DC networking
- High quality technical writing skills and experience of documenting IT infrastructure
- Experience coordinating IT infrastructure delivery vendors and internal teams
- Experience implementing Windows Server technologies (HyperV, MS AD, LDAP, GPO, WAP, MS Licensing)

- Experience with Data Network implementation including LAN/WAN concepts, data transmission, routing, protocol stack, DNS, DHCP, load balancing, firewalls, web application proxies, load-balancing
- Experience implementing storage technologies (SAN, NAS, FE, RAID) including backup and data replication technologies
- Experience contracting and management of local ICT vendors and providers
- Knowledge of IT Project Management best practices
- Knowledge of overall IT Security, Data and Networks security
- Understanding of MS SQL and software release and deployment management would be beneficial
- IT Audit experience would be beneficial

If you are interested and fulfill the above mentioned requirements, please send your application, and CV including testimony of all relevant documents to the Human Resources Department, AccessBank Liberia Limited 20th Street Sinkor; Monrovia-Liberia or email us on hr@accessbank.com.lr

Closing date for the vacancy is **Friday, August 3, 2018 5:00p.m.**
