Announcement: Returnable Grant Opportunity for Health Businesses in Liberia

Frontier Health Market (FHM) Engage in collaboration with the Liberian Enterprise Development Finance Company (LEDFC), is pleased to announce a unique opportunity for established health businesses in Liberia.

The grant intends to facilitate access to finance within the health sector, empowering businesses to improve and expand their products and services. This initiative specifically targets businesses whose products and services cut across Family Planning, Maternal and Child Health, Pharmaceutical and Laboratory Services, and other health-related services.

Key Details of the Returnable Grant:

- **Grant Amount:** The returnable grant ranges from US\$10,000 to US\$14,000 per business based on needs assessment by LEDFC.
- **Interest-Free:** This grant is provided at zero interest, making it a valuable opportunity for growth.
- **Eligibility:** Established health businesses with a proven track record in the sector.

Application Process: Interested health businesses are invited to apply in person by submitting the following documents:

- A detailed project proposal outlining the intended use of the grant.
- The business profile, highlighting your services and achievements.
- The owner's profile, showcasing the leadership behind the business.

Submission Details:

- **Location:** LEDFC Office, Opposite SOS Hospital, Congo Town, Monrovia, Liberia.

- **Submission Period:** August 30 – September 17, 2024.

Upon submission, applicants will receive a returnable grant application form to complete and return. LEDFC will conduct a thorough screening and due diligence process, after which successful applicants will be notified.

Office Hours: LEDFC is open on weekdays from 9:00 A.M. to 5:00 P.M.

For more information, please contact LEDFC at 0886487497 or 0770177034 or email kokeagon@ledfcliberia.com
