Reporting to: Production QA Superintendent
Grade Level: S2

Applications will be accepted up to February 6, 2024

Firestone Liberia is seeking to hire an experienced Farm Production QA Supervisor/Inspector to join our operations in Liberia who will work with Compliance & Sustainability management team to complete the milestone to be covered within the digitalization process.

Responsibilities

1. Support Production QA Superintendent to ensure FLSB compliance to agricultural standards.
2. Inspect and verify compliance to agricultural standards in the production areas:
 - Tapping guidelines and panel management,
 - Latex collection and coagulation
 - Rubber handling
3. Attend scheduled training sessions for:
 - Good agricultural practices in Estates areas
 - Scheduled safety trainings
 - Other trainings as required
4. Ensure FSLB achieve customer satisfaction (BS Supplier Quality KPIs).
 5. Ensure FSLB achieve its overall productivity.

Requirements

- Bachelor's degree in science or any agricultural related courses
- Knowledge in general laboratory or agricultural practices
- Computer literate

Minimum Qualifications

- A minimum of 5 years' experience in science or agricultural related fields.

Preferred Qualifications

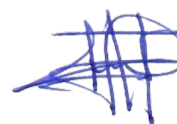

- Demonstrated ethics and integrity, with a clear understanding and adherence to ethical principles, company values and policies.
- Strong knowledge of ethics and compliance, including anti-bribery laws.
- Outstanding oral and written communication skills, collaboration, and interpersonal skills, as well as an analytical mindset and excellent organizational skills.
