Full Time**

Title: Head of Health & Safety
Posting Number: S_69
Posting Date: February 20, 2026
Reporting to: General Manager
Grade Level: M1

Applications will be accepted up to March 7, 2026

Firestone Liberia (FSLB), an indirect subsidiary of Bridgestone Americas (BSAM), seeks an Advanced Health & Safety (HS), Industrial Hygiene (IH) & Process Safety Management (PSM) professional to oversee all HS, IH and PSM matters across the company, with the objective of minimizing HS & IH incidents and liabilities.

Daily Responsibilities:

- Support FSLB's operational leadership in efforts to develop and achieve safety objectives.
- Reviews HS&IH policies and procedures. Develop and implement comprehensive safety and health activities across the company.
- Promotes and monitors safety activities, processes and conducts regular HS&IH audits.
- Supports the investigation of serious incident and root cause and developing countermeasures.
- Works with safety managers to develop and implement HS&IH initiatives.
- Oversees and supports OSHA recordkeeping, regulatory related matters, including those related to OSHA and involving enforcement actions or consultative services and other internal/external reporting.
- Provides technical assistance to teammates on HS&IH matters including training and development.

Experience & Education:

- Typically requires a BS in Safety / Industrial Hygiene / Engineering or equivalent and 8+ years' full-time safety and health experience. MS in Safety / Industrial Hygiene / Engineering and 6+ years full time safety and health experience.
- CSP, CIH, PE or related certification preferred.
- Advanced experience in improving compliance associated with: MOC, PHA, PSI, MI etc.

Technical Expertise:

- Thorough knowledge of all national regulations related to health, safety, PSM and industrial hygiene.
- Advanced experience in health, safety and industrial hygiene program development, implementation, and management.
- Key expert with ability to advise leadership and management on essential HS&IH matters.

Business Knowledge:

- Requires a strong understanding of BSAM / FSLB policies and procedures.
- Knowledge of current industry trends and practices in safety
