Posting Number: S_87
Posting Date: August 20, 2026
Reporting To: Corporate Resilience Manager
Grade Level: M2
Application Deadline: September 20, 2026

Position Summary

Firestone Liberia is seeking a highly experienced **Security Operations Centre Development Manager (SOCDM)** to lead the design, implementation, and development of an integrated Security Operations Centre (SOC) that protects the Company's people, assets, and operations. The successful candidate will establish a world-class SOC by integrating surveillance, access control, intrusion detection, fleet tracking, communications, and incident response systems into a unified operational platform.

Key Responsibilities

- Design, establish, and develop an integrated Security Operations Centre &
- Lead the integration of security technologies and monitoring systems.
- Develop SOC operating & command/control procedures and incident response protocols
- Manage security technology vendors and service providers.
- Recruit, train, mentor, and lead SOC personnel.
- Drive continuous improvement of SOC capabilities and performance.
- Provide strategic security advice and operational reports to senior leadership.

Minimum Qualifications

- Master's Degree or recognized professional security certification (e.g., CPP, CSMP).
- Minimum 15 years of security leadership experience, including demonstrated success in designing and implementing Security Operations Centers.
- Strong knowledge of security technologies, including Axis, Milestone, Capture Solutions, GIS, and fleet management platforms.
- Proven leadership, stakeholder engagement, project management, and team development
- Excellent report writing and executive communication abilities.
- No criminal record and availability to respond to security matters on a 24/7 basis.
